---

I am a passionate Software Developer skilled in data structures, algorithms, and full-stack development. I thrive on crafting scalable, efficient, and user-friendly digital solutions. My work focuses on turning complex challenges into innovative applications that make a real-world impact. With a commitment to excellence, I continuously seek opportunities to improve and innovate.

## Experience:

**Software Developer - Cybertron technologies (Feb 2024 -present)**

- Contributed to the development and optimization of the Ability Clinic platform, improving accessibility and user experience for healthcare services.
- Developed and maintained key features for the 340B Report, including the Drugmaker State Exemptions Tracker, Podcast Page, and Expert Directory, streamlining data management and enhancing user engagement.
- Collaborated with cross-functional teams to ensure seamless functionality and responsive design across all platforms.

## Personal Projects

**Udicity App - HTML, CSS, JavaScript, ReactJs** ⌨

- The Uducity platform offers a user-friendly header for navigation, an engaging hero section to motivate users, and a feature grid to highlight key learning benefits. The curriculum overview provides clarity on the learning path, while the footer offers additional resources for further exploration.
- Designed a responsive and intuitive user interface for Uducity, ensuring an optimal and engaging learning experience across all devices.

**FoodRecipe App - HTML, CSS, JavaScript** ⌨

- Designed a responsive and intuitive user interface using HTML and CSS for an optimal user experience.
- Implemented a **Mealdbi API** integration to retrieve recipe data.
- I've developed a versatile recipe search feature and created a comprehensive recipe view with ingredients, instructions, Cook Vision, and cooking tips.

## Education

| | |
|---|---|
| **Panjab University** | **Chandigarh** |
| *Master of Computer Application — Percentage: 78.2* | *2021-2024* |
| **Mcm Dav College** | **Chandigarh** |
| *Bachelor of Computer Application — Percentage: 79.4* | *2018-2021* |

## Skills

**Languages**: c, c++,java, c#, dotnet
**Data Structure and algorithms**
**Web Development**: HTML, CSS, Javascript, jQuery, PHP, WordPress, reactjs
**Database**: SQL,MySQL,
**Tools**: Git Basics, Ftp
**Soft Skills**: Problem-solving,Team Work

## Achievements

- Solved **400+** problems on LeetCode and GFG.
- Secured 2 positions Website Development Competition in Panjab University.

## Certification

- **The SQL Programming Essentials Immersive Training** - udemy (08/2023 - 09/2023) ⌨
- **OOP's Concepts in C++** - Great Learning Academy(08/2023 - 09/2023) ⌨
